

Organic Chemistry

Contents

Chapter 1 Aliphatic hydrocarbons (alkanes)	1
(1) What is the aliphatic hydrocarbon, 1	
(2) Alkane, 2	
(3) Alkane reaction, 7	
(4) Synthesis and utilization of methane, 12	
Chapter 2 Aliphatic hydrocarbons (alkenes)	15
(1) Alkene, 15	
(2) Reaction of alkenes, 21	
(3) Markovnikov law, 28	
(4) Synthesis and use of ethylene, 31	
Chapter 3 Aliphatic hydrocarbon (alkyne)	33
(1) Alkyne, 33	
(2) Reaction of alkyne, 39	
(3) Synthesis and use of acetylene , 45	
Chapter 4 Alcohol	47
(1) Alcohol, 47	
(2) Behavior of alcohol as acids and bases, 51	
(3) Reaction of alcohol, 54	
(4) Nature of the ether, 57	
(5) Synthesis and use of alcohol, 60	

Chapter 5 Carbonyl compound (aldehyde and ketone), 63

- (1) Aldehyde and ketone , 63
- (2) Detection reaction of an aldehyde group, 67
- (3) Iodoform reaction , 69
- (4) Use and synthesis of aldehyde, 71
- (5) Use and synthesis of ketone, 73

Chapter 6 Carbonyl compounds (carboxylic acid) 76

- (1) Carboxylic acid, 76
- (2) Reaction of the carboxylic acid, 82
- (3) Preparation and use of the carboxylic acid, 86

Chapter 7 Carbonyl group 88

- (1) Carboxylic acid derivatives, 88
- (2) Synthesis of ester, 90
- (3) Ester hydrolysis, 92
- (4) Fats and oils and detergent, 94

Chapter 8 Aromatic hydrocarbons 100

- (1) Aromatic hydrocarbon 100
- (2) Benzene reaction 106
- (3) Orientation of the substitution reaction of the benzene ring 110
- (4) Synthesis of fullerene 113

Chapter 9 Aromatic compounds containing oxygen 115

- (1) Phenol 115
- (2) Reaction of phenol 117
- (3) Synthesis of phenol 119
- (4) Synthesis of phenols 122
- (5) An aromatic carboxylic acid 125
- (6) Synthesis of aromatic carboxylic acid 127

Chapter 10 Aromatic compounds containing nitrogen 129

- (1) An aromatic amine 129
- (2) Reaction of aniline 130
- (3) Synthesis of aniline 132
- (4) Azo compound 134

Chapter 11 Synthetic polymer compounds 139

- (1) Classification of the polymer compound 139
- (2) Synthetic fibers 141
- (3) Plastics 144
- (4) Rubber 148

Chapter 12 And natural polymer compounds(sugar) 153

- (1) What is a carbohydrate? 153
- (2) Monosaccharide 153
- (3) Disaccharide 157
- (4) Polysaccharides 150

Chapter 13 And natural polymer compounds (proteins and nucleic acids) 166

- (1) Amino acid 166
- (2) Protein 170
- (3) Enzyme 177
- (4) Nucleic acid 179

Chapter 14 Life and high-molecular compound 183

- (1) What is fiber? 183
- (2) Plant fiber 183
- (3) Animal fibers 185
- (4) Chemical fiber 187
- (5) Clothing 189
- (6) Use of a polymeric compound 190

Appendix

195

The names of organic compounds	195
The names of more organic compounds	208
The names of aromatic compounds	217
